

McKINLEY'S NEW MATE.

Congressman Sherman
May Run for Vice-
President.

It was reported to-day among the politicians at the Fifth Avenue Hotel that the man who is most likely to get the Republican Vice-Presidential nomination is Congressman Sherman, of Utah.

It was said further that Senator McKimley did not desire to have Woodruff on the ticket with him. It was not possible to confirm the news, because the only persons who could speak authoritatively on the subject, State Chairman Odell and Senator Platt, were not at the hotel all day.

Congressman Sherman is well liked, both in his home district and in Washington. He was recently offered the office of General Appraiser by President McKimley. He declined at the request of his constituents, who wished him to represent them in Congress again.

A despatch from Washington this afternoon announces that the delegates-at-large from New York to the Republican National Convention at Philadelphia will be Senator Platt, C. M. Depew, Theodore Roosevelt and B. B. Odell. This is taken to mean that the President and Senator Hanna are satisfied that Roosevelt means what he says when he declares he will not be Vice-Presidential candidate and that they will look for other material.

\$25,000 FOR INJURY.

Dr. Wellbrock Wins Suit Against
Long Island Road for Big
Damages.

Dr. Walter B. Wellbrock's \$100,000 damage suit against the Long Island Railroad Company for injuries received in the Valley Stream disaster on May 20, 1897, resulted to-day in a verdict for \$25,000. The case was tried before Judge William M. Smith in the Supreme Court, Brooklyn.

This is the biggest verdict so far rendered growing out of the disaster in which a trolley party composed of members of the Alpha Delta Theta Society of the Greene Avenue Baptist Church, Brooklyn, was run down. Miss Clara Stewart has been awarded \$18,000, Mathilda Henn \$7,500 and John B. Lewis \$1,500.

Damages asked in twelve other cases pending aggregate \$200,000. Four of the party were killed and the others more or less injured.

PARIS FAIR OPENING.

Army of Men Clearing Exposition
Grounds for the Inaugural
To-Morrow.

PARIS, April 12.—The Exposition authorities are making a strenuous effort to prepare the show for the inauguration to-morrow, but the buildings are filled with debris and the exhibits are only partially installed.

The Salle des Fêtes, in which the inaugural ceremonies are planned to occur to-morrow, has an army of men clearing the floor space and arranging the seats. The work will continue all night and close at the hour when the invited guests arrive.

In order to facilitate the labor of clearing the grounds thousands of soldiers have been utilized. The ceremonies are timed to begin at 3 o'clock, when M. Millerand, the Minister of Commerce, will make the inaugural address, to which President Loubet will reply.

The President will then walk through a portion of the grounds, and, afterward, embarking on a river craft, he will go down the River Seine to the new Alexander III. bridge, which he will formally declare open.

WANT TUNNEL CHANGED.
West Side Residents Don't Want
the Parkway on Upper Broad-
way Spelled.

Members of the West End Association appeared this afternoon before the Rapid Transit Commission and argued for a change in the tunnel plans so far as upper Broadway.

The Board was asked to direct the contractor to build the underground road along Broadway on either side of the parkway instead of under it, so that the park way may be preserved.

The speakers declared that if the tunnel was built as now planned the park would be forever destroyed, as it would be impossible to grow trees over the concrete which will form the top of the underground road.

Engineer Parsons, of the Commission, said that to build the tunnel along Broadway under the roadways instead of beneath the parkway would entail an enormous additional expense.

DEATH STRIKES QUICKLY.

Edward Payson Walling Dies
While Visiting His Brother's
Park Row Office.

Edward Payson Walling, of 322 Green street, Brooklyn, died suddenly in an office in the Park Row building at 1 o'clock to-day.

It was supposed he came from Brooklyn to see his brother, J. P. Walling, a lawyer, who has offices in the building, and that he died of heart disease. He was about sixty years old and was a retired business man.

PROF. J. W. CHURCHILL DEAD.

Was Professor of Sacred Scripture
and Theology at
Andover.

ANDOVER, Mass., April 12.—J. Wesley Churchill, D. D., Bartlett Professor of Sacred Scripture and Professor of Theology at Andover Seminary, died of heart failure to-day.

NEW WAGE-LAW DECISION GIVEN.

Repeal of 1899 Act Does
Not Affect Prior City
Claims.

Justice Black, in the Supreme Court this afternoon handed down a brief decision on the prevailing-rate-of-wages question, in which he says that the repeal of the act of 1899 does not affect rights or claims against the city which accrued prior to 1899.

The suit before the Court was that of Hugh McCann against the city for an amount representing the difference between the wages paid McCann and the prevailing rate of wages.

The Corporation Counsel demurred to the complaint on the ground that Justice McAdam had decided two weeks ago that no claim under the prevailing-rate-of-wages law could be legally made. This means that the millions in claims against the city may be pushed by civil suits provided the cause of action occurred prior to 1899.

TRANSPORT SUMMER REACHES GIBRALTAR.

GIBRALTAR, April 12.—The United States transport Summer arrived here to-day and will sail for Malta to-morrow.

ARRESTED FOR BEATING A BOY.

Principal West, of Pater-
son, Said to Have
Used a Strap.

Claude West, principal of Public School No. 3, at Paterson, N. J., was arrested this afternoon for beating a pupil.

The arrest caused quite a sensation. Mr. West has an excellent reputation as an educator, and has many friends in the city.

Nine-year-old Peter High declares that West administered a severe beating to him, using a heavy rubber strap. The lad's parents declare they will push the case to the end and land the principal in jail if possible.

BEHRADED BY FILIPINO.

Gen. Otis Reports Case of Private
Cooper, Who Was Decapitated.
Noted, No Says.

WASHINGTON, April 12.—Gen. Otis cabled to-day a list of five killed and about twenty wounded during the last few weeks.

Among the killed is Alexander Cooper, "decapitated by Filipino" at Batangas, Luzon, March 25. He belonged to Company C, of the Thirty-eighth Infantry.

FREE TO THE DEAF.

Thousands Cured Permanently by Dr. Wilson's Treatment.

Send for Circular. Many Made to Hear Free Every

Thursday at 7.45 P. M. During the Free

Illustrated Lecture, Exhibition

and Demonstration at

240 Fifth Ave.

Thousands of the deafest of deaf people and hundreds of deaf mutes have been permanently cured by Dr. Wilson's treatment. Circular giving particulars concerning treatment, references, etc., sent free to any address. No other treatment ever cured a single case of deafness. No other ear specialist of any respectability even pretends to be able to cure deafness. But some unprincipled persons are trying to deceive the public and rob the deaf by simulating Dr. Wilson's treatment, methods, advertisements, lectures and even the name of the "Association" which controls Dr. Wilson's treatment throughout the world. But these persons do not know the secrets of Dr. Wilson's success, and of course will not do anybody any good, but might do great harm. Besides, no one with a grain of common sense would trust men of such character to treat their ears (the only ears they have), even free of charge. We understand that a firm of this sort have recently commenced business in Philadelphia, but they may soon be closed up by legal process, as have been Francis Truth and others of this class. Dr. Wilson offers to give a thousand dollars to any one who will show him a person who has ever been cured of total deafness by anybody or anything except Dr. Wilson's treatment. Many of the very deafest ears are made to hear perfectly by free treatment given during the free illustrated lecture, grand exhibition and wonderful at 7.45 P. M. at the headquarters of

the National Association of Physicians & Surgeons, 240 5th ave. The results of the free treatment given last evening we report as follows:

J. H. H. Bennett, aged 75, of 218 W. 22d street, N. Y.—Deaf in both ears since infancy; on examination bones and nerves found to be in bad condition and case pronounced incurable, but after treatment understood whisper near by and moderately loud conversation fifty feet distant.

Thomas Dunphy, of 329 E. 72d st.—Deaf in both ears, but declared he had heard nothing in the left ear for eleven years; on examination bones found to be very bad and case pronounced incurable, but he heard whisper near by and loud conversation forty feet distant after treatment.

Catherine Ryan, of 258 West 37th st.—Deaf in both ears, but declared she had heard nothing in right ear for twenty years; after treatment she understood a low whisper near by and very low conversation fifty feet distant.

In the private office of the National Association of Physicians & Surgeons, 240 5th ave., free examinations of the eye and ear are made privately every week day from 10 to 12; on Sundays and Holidays, 10 to 12; and in addition, Wednesday and Friday evenings, 7 to 9.

Other offices, 18 Baynton st., Boston, and 715 12th st., N. W., Washington.

You'll Be "In Style"

as far as jewelry is concerned if you buy of us.

We are originators. We have a big factory and manufacture most of our jewelry. Many of the new and popular designs, now copied all over the country, were originated by us and placed on sale for the first time in our store.

We give you stylish jewelry, but you don't pay one penny extra for unnecessary "style" in the way it is sold.

A Wedding, Engagement, Birthday, Easter or Confirmation Present.

If you are at a loss to know what it should be, come in and look over our stock. It will surely give you some suggestion. Our line is one of the largest in the city, and embraces many new and beautiful designs, originated expressly for this Easter season.

Our prices are as attractive as the jewelry.

SEAMLESS WEDDING RINGS.

The reason we sell more wedding rings than any other dealer in the city is because our rings are seamless and without solder, and because they are honestly made by skilled workmen in our own factory—in a word, because they are the best that can be made.

TEN DOLLARS

for a really well-tailored Suit or Top Coat is a price that should appeal to thousands of men who know good clothes when they see them.

We crowd fully fifteen dollars' worth of sterling merit into these garments, because we have figured it out that we can make more money by selling a hundred suits a day at one dollar a suit than ten suits a day at a profit of six dollars per suit (which is the usual retailer's profit) on a \$15.00 suit or overcoat.

The Top Coats are made from Tan and Brown Coverts and Gray Vicuna. The Suits are made from Blue, Black and Gray Cheviots, fancy patterned Cashmeres and Tweeds, with choice of either single or double breasted vest.

Every garment perfectly fitted and warranted to please or money cheerfully returned, though our price is but

\$10.00 For Suit or Top Coat.
